Priority Commercial Payments Completes 2019 PCI-DSS 3.2.1 Certification

Audit conducted by MegaplanIT, LLC. and validated on November 20, 2019.

Alpharetta, Georgia. – November 22, 2019: Priority Commercial Payments announced today that it has successfully completed a 2019 audit for PCI-DSS 3.2.1. The certification of validation was issued November 20, 2019 by an authorized Third Party Assessor and a Qualified Security Company (QSC), certified by the PCI Security Standards Council.

Priority Commercial Payments undergoes these efforts to ensure the organization securely aligns its policies, procedures, and technical systems in an effort to secure PCI, sensitive, and financial data.

The annual assessment process requires detailed evaluation of key areas of the business including, but not limited to: Policies and Procedures; Network Data Flow Diagrams with Narratives; Documented System & Network Inventories; Physical/Environmental Security, Corporate & Third Party Data Centers; Internal & External Vulnerability Assessments; Internal, External & Application Penetration Testing; Encryption; System & Network Hardening Standards; Patch Management; Access Control; Data Storage; Wireless Network Analysis; Testing of Deployed Security Measures; Logging & Auditing; Security Monitoring; Incident Response. Adhering to industry standards validates that Priority Commercial Payments' security posture is in line with Information Security Best Practices.

With the 2019 completion of the PCI DSS 3.2.1 audit, customers have validation that Priority Commercial Payments processes and procedures operate at or above the latest industry standards.
