Priority Commercial Payments Completes 2021 Level 1 Service Provider PCI DSS v3.2.1 Certification

Audit conducted by MegaplanIT Holdings, LLC and validated on November 8, 2021.

Alpharetta, Georgia. – November 8, 2021: Priority Commercial Payments announced today that it has successfully completed a 2021 Level 1 Service Provider audit for PCI DSS v3.2.1. The certification of validation was issued November 8, 2021, by an authorized Third-Party Assessor and a Qualified Security Company (QSC), certified by the PCI Security Standards Council.

Priority Commercial Payments undergoes these efforts to ensure the organization securely aligns its policies, procedures, and technical systems in an effort to secure PCI, sensitive, and financial data.

The annual assessment process requires detailed evaluation of key areas of the business including, but not limited to: Policies and Procedures; Network Data Flow Diagrams with Narratives; Documented System & Network Inventories; Physical/Environmental Security, Corporate & Third Party Data Centers; Internal & External Vulnerability Assessments; Internal, External & Application Penetration Testing; Encryption; System & Network Hardening Standards; Patch Management; Access Control; Data Storage; Wireless Network Analysis; Testing of Deployed Security Measures; Logging & Auditing; Security Monitoring; Incident Response. Adhering to industry standards validates that Priority Commercial Payments' security posture is in line with Information Security Best Practices.

With the 2021 completion of the Level 1 Service Provider PCI DSS v3.2.1 audit, customers have validation that Priority Commercial Payments processes and procedures operate at or above the latest industry standards.
